LOCAL RULES FOR THE CLUBS AT ST. JAMES

- Out of Bounds is defined by white stakes with black tops.
- Penalty areas are defined by red and yellow stakes.
- Please repair ball marks on greens, rake bunkers and replace divots.
- Please keep carts on paths at all times when around tees and greens.
- All yardages are measured to the center of the green.
- Proper golf attire is required at all times.
- Improved roads are Out of Bounds.

Player must play a ball, under penalty of one stroke, as near as possible to the spot from which the original ball was played or use the alternative to stroke and distance for lost ball or ball out of bounds (Model Local Rule E-5).

The following additional Local Rules are also in effect:

Alternate to Stroke and Distance for Lost Ball or Ball Out of Bounds

A provisional ball is allowed when a ball may be lost (other than in a penalty area) or may be out of bounds. Not playing a provisional ball significantly increases issues with pace of play. Therefore, the Clubs have adopted an extra relief option that allows a player to play on without returning to the location of the previous stroke.

For the full rule explanation and model (E-5), scroll down to page 4.

Embedded Ball

"General Area": When course conditions exist that might interfere with proper playing of the game, including mud and extreme wetness, warranting relief for an embedded ball, this rule permits the lifting, cleaning and dropping of the ball, without penalty, as near as possible to the spot where it lay, **not nearer to the hole**.

Distance Measuring Devices

A player may obtain distance information by using a device that measures distance only. However, if, during a stipulated round a player uses a distance measuring device that is designed to gauge or measure other conditions that might affect their play (i.e. gradient, wind speed, temperature, etc.), the player is in breach of Rule 4-3a and must take a 2stroke penalty. The 2nd time there is a breach of Rule 4-3a including an equipment violation, the player is disqualified, regardless of whether any such additional functions are actually used.

Aeration Holes

"General Area" A ball which comes to rest in or on an aeration hole may be lifted without penalty, cleaned, and dropped as near as possible to the spot where it lay, but not nearer to the hole. The ball, when dropped, must first strike a part of the course through the green. On the putting green, the player shall place the ball at the nearest spot, not nearer the hole, which avoids the situation.

Sandy Areas with Blue Stakes

Sandy areas defined by a blue stake are not considered bunkers (under the Rules of Golf, there is no such thing as a "waste area" or "waste bunker") and a player whose ball lies in such an area may ground his club lightly in, or remove loose impediments (e.g., gravel) from the area.

Immovable Obstructions Close to Putting Greens

Relief, without penalty, may be taken from any irrigation head, if the irrigation head lies within 2 club-lengths of the putting green and the ball lies within 2 club-lengths of the irrigation head. The ball must be lifted and dropped at the nearest point where the ball lay that (a) is not nearer to the hole, (b) avoids the intervention, and (c) is not in a hazard or on the putting green.

Note: On Hole 18 of The Founders Club, relief, without penalty, may be taken from the bulkheads along the green if the ball comes to rest against or interferes with the player's stance or intended swing.

Ground Under Repair

Ground Under Repair is normally defined by white lines or white stakes. If defined by white lines, the line itself is in the Ground Under Repair. Even if not marked, the following is considered Ground Under Repair; materials piled for removal, a hole made by a green's keeper, fire ant beds and mounds, French drains (trenches filled with stones or the like). The ball may be dropped within one club-length, no closer to the hole, without penalty.

Drop Areas

A designated drop area on holes where a player is unable to carry a penalty area after one attempt. These penalty areas will be identified by yellow stakes and will be defined by yellow paint lines. The drop area will be marked in white paint and with a "Drop Area" sign. The designated drop areas are:

The Reserve Club- Holes #7, #10 and #18

The Founders Club- Holes #4, #7 and #16

The Players Club- Holes #7 and #17

If a player elects not to navigate the hazard after one attempt and proceeds to the drop area, they must **post according to USGA Handicap rules for posting**. The score recorded for that hole for posting purposes must be net double bogey, which is Par + 2 strokes + any handicap stroke(s) that the player receives on that hole regardless of their actual score on the hole after electing to use the drop area. Drop areas will not be in effect during LGA tournament events.

A Local Rule to Adapt for "Pace of Play"

Conditional Ball

If a ball was hit over a hazard/penalty area and the player is not sure the ball cleared the hazard/penalty area, the player is allowed to play a "Conditional Ball" for pace of play. Placement of this "Conditional Ball" will be in accordance with USGA rules relating to balls that are hit into a penalty area (drop a ball in a line from where the ball is hit to where the ball entered the penalty area).

If the original ball is found and is not in the penalty area, the original ball must be played without penalty. If the original ball is found in the penalty area, the player may choose to play the original ball without penalty or play the "Conditional Ball" with a penalty of one stroke. If the original ball is not found, the "Conditional Ball" is played with a penalty of one stroke.

Example: Founders #7. Player hits her drive and is 40 yards from the penalty area. She hits her 2nd ball and is not sure she has cleared the penalty area. She decides to hit a "Conditional Ball" and places the "Conditional Ball" near the penalty area. After hitting the "Conditional Ball" she goes to the other side of the penalty area to look for her ball.

- She finds her original ball outside of the penalty area; she continues to play the original ball without penalty (will be playing her 3rd shot).
- She finds her original ball in the penalty area. She can choose to play the original ball, as it lies. If she chooses to play her original ball, she will be playing her 3rd shot. If she chooses to play her "Conditional Ball," with a penalty of one stroke she will be playing her 5th shot. Her previous 4 "shots" were her drive, her 2nd shot into the penalty area, her drop, and her "Conditional Ball" over the penalty area.
- She does not find her original ball. She plays her "Conditional Ball" with a penalty of one stroke and will be playing her 5th shot. Her previous 4 "shots" were her drive, her 2nd shot into the penalty area, her drop, and her "Conditional Ball" over the penalty area.

This local rule will NOT apply to following 3 LGA tournaments;

- 1) Match Play Qualifier & final Tournament
- 2) LGA Championship
- 3) Queen of Clubs

This local rule will be in effect for the following holes:

- Reserve Club #7, #10, #18
- Players Club #7
- Founders Club #7

A "conditional ball" is not found in the Rules of Golf. This is a time saving opportunity. It can be played from the point the ball last crossed the penalty area, back in line with the Flag as far as the player wishes to go. A provisional ball must be played from the location of the prior stroke.

E-5 Alternative to Stroke and Distance for Lost Ball or Ball Out of Bounds

Purpose. When a provisional ball has not been played, significant issues with pace of play can result for a player needing to take stroke-and-distance relief for a ball that is out of bounds or cannot be found. The purpose of this Local Rule is to allow a committee to provide an extra relief option that allows a player to play on without returning to the location of the previous stroke.

The Local Rule is appropriate for general play where golfers are playing casual rounds or playing their own competitions. The Local Rule is not appropriate for competitions limited to highly skilled players (that is, professional competitions and elite amateur competitions). For guidance on when and how this Local Rule may be used in order for scores to be submitted for handicapping purposes, consult the rules or recommendations contained within the Handicap System operating in the local jurisdiction.

Where a committee has introduced such a Local Rule for general play, and removes it for competitions, it should ensure that all players are aware of this before play begins.

A Committee may introduce such a Local Rule for all play on the course or only for one or two specific holes where it may be especially useful (for example, where players are unable to see the landing area and therefore may not know whether or not to play a provisional ball).

This option allows the player to drop in a large area between the point where the ball is estimated to have come to rest or gone out of bounds and the edge of the fairway of the hole being played that is **not nearer the hole**.

The player gets two penalty strokes when using this relief option. This means that the relief is comparable to what could have been achieved if the player had taken stroke-and-distance relief.

This Local Rule cannot be used for an unplayable ball, or for a ball that is known or virtually certain to be in a penalty area.

If a provisional ball is played and neither the original ball nor the provisional ball can be found, then the Local Rule may be applied for the provisional ball that cannot be found.

Model Local Rule E-5

"When a player's ball has not been found or is *known or virtually certain* to be *out of bounds*, the player may proceed as follows rather than proceeding under *stroke and distance*.

For **two (2) penalty strokes**, the player may take relief by *dropping* the original ball or another ball in this *relief area* (see Rule 14.3):

a. **Ball Reference Point**: The point where the original ball is estimated to have:

- Come to rest on the *course*, or
- Last crossed the edge of the *course* boundary to go *out of bounds*.

b. **Fairway Reference Point**: The point of fairway of the hole being played that is nearest to the ball reference point, but is **not nearer the** *hole* than the ball reference point.

For purposes of this Local Rule, "fairway" means any area of grass in the *general area* that is cut to fairway height or less.

If a ball is estimated to be *lost* on the *course* or last crossed the edge of the *course* boundary short of the fairway, the fairway reference point may be a grass path or a teeing ground for the hole being played cut to fairway height or less.

Size of Relief Area Based on Reference Points: Anywhere between:

- A line from the *hole* through the ball reference point (and within two *club-lengths* to the outside of that line), and
- A line from the *hole* through the fairway reference point (and within two *club-lengths* to the fairway side of that line).

But with these limits:

Limits on Location of Relief Area:

- Must be in the general area, and
- Must not be nearer the *hole* than the ball reference point.

Once the player puts a ball *in play* under this Local Rule:

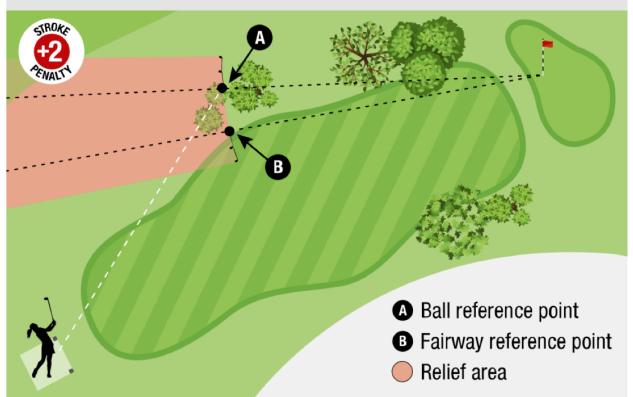

- The original ball that was *lost* or *out of bounds* is no longer *in play* and must not be played.
- This is true even if the ball is found on the *course* before the end of the three-minute search time (see Rule 6.3b).

But the player may not use this option to take relief for the original ball when:

- That ball is known or virtually certain to have come to rest in a penalty area, or
- The player has played another ball provisionally under penalty of *stroke and distance* (see Rule 18.3).

A player may use this option to take relief for a provisional ball that has not been found or is known or virtually certain to be out of bounds.

MLR E-5 DIAGRAM 1: BALL NOT FOUND

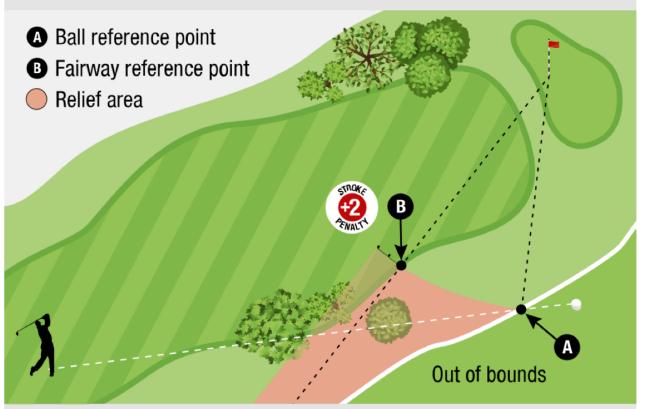

When a player's ball has not been found, the player may take stroke-and-distance relief, or when Model Local Rule E-5 is introduced, the player has the additional option to drop a ball in and play from the relief area described below for two penalty strokes:

 A. Ball Reference Point: The point where the original ball is estimated to have come to rest on the course (point A) B. Fairway Reference Point: The point of fairway of the hole being played (point B) that is nearest to the ball reference point (point nearer the hole than the ball reference point (point B) that is nearest to the ball reference point (point nearer the hole than the ball reference point (point B) (and within two club-lengths to the fairway reference point (point B) (and within two club-lengths to the fairway reference point (point B) (and within two club-lengths to the fairway reference point (point B) (and within two club-lengths to the fairway reference point (point B) (and within two club-lengths to the fairway side of that line). 	Reference Points	Size of Relief Area	Limits on Relief Area
	The point where the original ball is estimated to have come to rest on the course (point A) B. Fairway Reference Point: The point of fairway of the hole being played (point B) that is nearest to the ball reference point, but is not nearer the hole than the ball	 A line from the hole through the ball reference point (point A) (and within two club-lengths to the outside of that line), and A line from the hole through the fairway reference point (point B) (and within two club-lengths to the 	 Must not be nearer the hole than the ball reference point, and Must be in the

As the relief area is likely to be very large, the ball could roll a considerable distance from the spot where it first strikes the ground and not need to be dropped again.

MLR E-5 DIAGRAM 2: BALL OUT OF BOUNDS

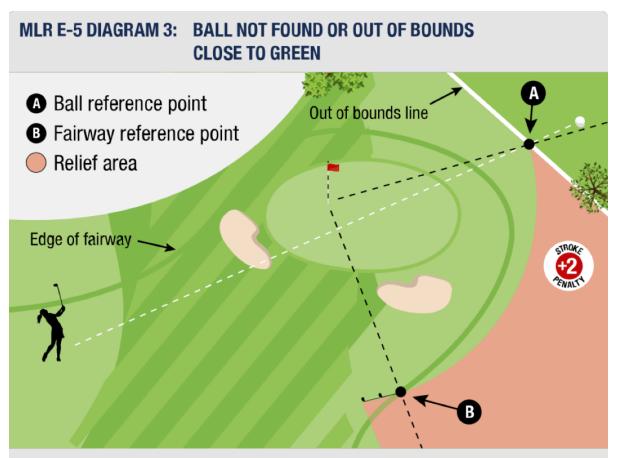

When a player's ball is known or virtually certain to be out of bounds, the player may take stroke-and-distance relief, or when Model Local Rule E-5 is introduced, the player has the additional option to drop a ball in and play from the relief area described below for two penalty strokes:

Reference Point	Size of Relief Area	Limits on Relief Area
A. Ball Reference Point:	Anywhere between:	The relief area:
The point where the	 A line from the hole 	 Must not be nearer
original ball is estimated to	through the ball	the hole than the ball
have last crossed the edge	reference point (point	reference point, and
of the course boundary to	A) (and within two club-	 Must be in the
go out of bounds (point A)	lengths to the outside of	general area
	that line but still on the	
B. Fairway Reference Point:	course), and	
The point of fairway of the	 A line from the hole 	
hole being played (point B)	through the fairway	
that is nearest to the ball	reference point (point B)	
reference point, but is not	(and within two	
nearer the hole than the	club-lengths to the	
ball reference point	fairway side of that line)	

Player Notes:

As the relief area is likely to be very large, the ball could roll a considerable distance from the spot where it first strikes the ground and not need to be dropped again.

When a player's ball has not been found or is known or virtually certain to be out of bounds, the player may take stroke-and-distance relief, or when Model Local Rule E-5 is introduced, the player has the additional option to drop a ball in and play from the relief area described below for two penalty strokes:

Reference Points	Size of Relief Area	Limits on Relief Area	
A. Ball Reference Point:	Anywhere between:	The relief area:	
The point where the original	 A line from the hole 	 Must not be nearer 	
ball is estimated to have	through the ball	the hole than the ball	
come to rest on the course	reference point (point	reference point, and	
or last crossed the edge of	A) (and within two	 Must be in the 	
the course boundary to go	club-lengths to the	general area	
out of bounds (point A)	outside of that line),		
	and		
B. Fairway Reference Point:	 A line from the hole 		
The point of fairway of the	through the fairway		
hole being played (point B)	reference point (point		
that is nearest to the ball	B) (and within two		
reference point, but is not	club-lengths to the		
nearer the hole than the ball	fairway side of that		
reference point	line)		
Player Notes:			

As the relief area is likely to be very large, the ball could roll a considerable distance from the spot where it first strikes the ground and not need to be dropped again.
